

# Tissue Paper Poppies

## Materials Required:

- A4 paper
- Tissue paper in a variety of colours
- PVA glue
- Glue brush

## Instructions:

- Mix some PVA glue with a few drops of water.
- Tear some orange and red tissue paper into large pieces to make petal shapes.
- Glue the petals onto the A4 paper, overlapping them in some places.
- Repeat two or three times to make more poppies.
- Using green tissue paper, cut out the leaves and stems for the poppies.
- Glue them around the flowers.
- Using the mixture of PVA glue and water, brush a layer over your poppies, leaves and stems to give them a shiny appearance.
- Allow the glue to dry.
- Using a thin black felt-tip pen, add details to the poppies, leaves and stems.
